PROGRAMME SPECIFIC OUTCOME

PSO 1: The B.com course is designed to provide students with a wide range of managerial skills and understanding in fields like finance, accounting, management, and taxation.

PSO 2: To hold a B.com degree one needs to attain knowledge of different subjects like economics, finance, information technology, management, laws, Human resource management, Business statistics, marketing management etc.

COURSE OUTCOME

C/O 101- BUSINESS MATHEMATICS

The objective of this paper is to acquaint students with the basic knowledge of mathematics as applicable to Business Economics.

C/O 101 FUNDAMENTALS OF INSURANCE

Know about concept of insurance, Life insurance, General Insurance, Insurance organization and intermediaries.

C/O 102 FINANCIAL ACCOUNTING-I

Know about Accounting Information, GAAP, Accounting Standards, Hire Purchase System, Self-Balancing System and Royalty Accounts Systems.

C/O 103 BUSINESS ORGANISATION & ENTREPRENEURSHIP DEVELOPMENT

Know about MNCs, Business combinations, Entrepreneurship, promotion of a new venture and role of Entrepreneurs in socio- economic development.

C/O 104 INDIAN FINANCIAL SYSTEM

Know about Indian financial system, financial markets, financial institutions, and regulatory frameworks.

C/O 105-A COST ACCOUNTING

Know about concept of cost like material cost, labour cost, overhead process and contract costing integral and non integral accounting system.

C/O 105-M HUMAN RESOURCE MANAGEMENT

Know about nature and scope of Human Resource Management (HRM), Recruitment, Selection, Job Evaluation, Wages, Salary, Administration and impact of globalization on HRM.

C/O 105-F RURAL MICRO FINANCE

Know about Rural environment, rural industries, rural finance and its sources, and co-operative society.

C/O-202 FINANCIAL ACCOUNTING-II

Know about IFRS and accounting standards, Branch Accounting, valuation of goodwill and Departmental Accounting, and dissolution procedure of partnership firms and its accounting procedures.

C/O 203 PRINCIPLES OF MANAGEMENT

Know about management thought, Planning, Decision Making, Forecasting, Organizing, Departmentation, Span of Management, Authority and Responsibility, Motivation, Leadership, Communication, Control and Management of Change.

C/O 204 BUSINESS STATISTICS

The objective of this paper is to introduce students to basic statistical methods with a focus on the application of these methods to the business world.

C/O 205 A MANAGEMENT ACCOUNTING

Know about role of management accounting in decision making, marginal costing, cost volume profit analysis, standard costing and variance analysis and budget control system.

C/O 205M HUMAN RESOURCE PLANNING DEVELOPMENT

Nature and scope of Human resource planning, Human resource development, employee training, executive development, career planning, performance appraisal and measurement of Human resource planning.

C/O 205F MICRO CREDIT INSTITUTIONS

Know about micro finance, RBI and rural finance, present structure of institutional finance for rural development and rural development approach.

C/O 303 CORPORATE ACCOUNTING

Know how to prepare the final accounts of companies, amalgamation of companies, Right shares, Bonus shares, Buy back of shares, issue and redemption of debentures and its accounting treatment.

C/O 304 DIRECT TAXES

Know about income tax act 1961, heads of income, Assessment procedure and wealth act 1957.

C/O 305 CORPORATE LAWS

Know about introduction of companies, financial structure, membership, company management, company Director and meetings.

C/O 306A ADVANCED CORPORATE ACCOUNTING

To make students understand about valuation of shares and internal reconstruction, profit or loss prior to incorporation, winding up of companies and holding companies and its accounting procedures.

C/O 306M INDUSTRIAL RELATION AND LABOUR LAWS

To know about concept of industrial relations, industrial disputes, settlement machinery, Trade union act 1926, industrial employment, Factories act 1948, Payment of bonus act 1956, Payment of wages act 1936 and miscellaneous legislations.

C/O FINANCIAL INSTITUTIONS AND MARKETS.

Know about Financial system, Financial institutions, Financial markets and regulatory framework in financial system.

C/O 401 BUSINESS ECONOMICS

To acquaint students about introduction of business economics, demand analysis, production function, cost analysis, market structure and price determination and factor pricing.

C/O 402 AUDITING AND ASSURANCE

To acquaint students about auditing concepts, internal control system, audit sampling, audit procedures and audit report.

C/O 403 INDIRECT TAXATION

To acquaint students about the newly implemented Goods and Services Tax law of the country and provisions related thereto.

C/O 404 FINANCIAL SERVICES

To acquaint students about financial services, leasing and hire purchase, Merchant banking, Mutual funds and innovation of financial services.

C/O 405 A ADVANCED ACCOUNTING

To acquaint students about the final accounts preparation regarding Banking and Insurance companies, Investment Accounts and insurance claims procedures.

C/O 405M COST AND MANAGEMENT ACCOUNTING

To acquaint students about cost sheet, material cost, overhead, labour cost, standard costing, cash flow and fund flow statement, ratio analysis and application of management accounting.

C/O 405F INTERNATIONAL BANKING

To acquaint students about meaning of international banking, institutions, its regulation and operation, international wholesale banking, offshore financial centres.

C/O 501 BUSINESS ENVIRONMENT

To know about emerging issues and challenges in business at the national and international level in the light of the policies of liberalization and globalization.

C/O 502 MARKETING MANAGEMENT

Students will learn about the basics and significance of marketing and also helps to develop suitable marketing strategies in their future life.

C/O 503 FINANCIAL MANAGEMENT

It helps to know about significance of financial management, investment decisions, concept of working capital management, capitalization and dividend decisions.

C/O 504 REGULATORY FRAMEWORK IN BUSINESS-I

To know about Indian Contract Act 1872, the Sale of Goods Act 1930, Assam Co-operative Society Act 1949.

C/O 505A FINANCIAL STATEMENT ANALYSIS

To know about statutory rules followed in preparing financial statements and its analyzing techniques and preparation of fund flow and cash flow statement.

C/O 505 M CUSTOMER RELATION AND RETAIL TRADE MANAGEMENT

Introduces the concept of customer relation management, building customer relationship, CRM process, meaning of retail management and its significance.

C/O 505F INTERNATIONAL TRADE

Acquaints the learners with the concept, applicability and importance of international trade in present world economy.

C/O 601 INFORMATION TECHNOLOGY IN BUSINESS

To introduce the concept of computer and its importance in business.

C/O 602 MARKETING OF SERVICES

To understand the significance that services hold in the new business era.

C/O 603 MODERN BANKING PRACTICE

To know about the concept of banks, its types, NPA, bank-customer relationship negotiable instruments and preparation of bank balance sheet.

C/O 604 REGULATORY FRAMEWORK IN BUSINESS-II

To know about Right to information act 2005, Indian Partnership Act 1932, Consumer Protection Act 1986 and FEMA act 1999 and some special acts.

C/O 605 PROJECT REPORT

To understand the basic concepts of research and methodology and process of preparing the project report

ECONOMICS

PROGRAMME OUTCOME

PO 1: While going through the course, students will have an idea of using quantitative techniques and other fields of economics.

Students are trained to analyse economic theory in an empirical context.

PO 2: This course will help students in answering certain basic questions as to why some countries are lagging behind and what measures they need to take to promote growth.

PO7: The students will gain knowledge of the regional geography of North East India with special focus on Assam.

PROGAMME SPECIFIC OUTCOME

PSO1: The three year under graduate course in Geography (Major) quips the students with knowledge in different areas in Geography- geomorphology, oceanography, climatology, world regional geography, soil and biology, economic geography, human geography, development planning, cartography.

PSO2: The field trips and outdoor classes organized by the department gives the students the opportunity to apply their classroom knowledge in real life.

GEOGRAPHY (COURSE OUTCOME)

Semester	Course No	Course Title	Course outcome
I	101	Understanding Geography	Understanding of the basic concepts in geography and spatial nature of geography.
	102	Basis of Geomorphology	Understand the basic principles of physical geography and theories related with the landform development.

	103	Geomorphology Practical	Drainage basin, slope and relief identification and analysis.
II	201	Climatology and Oceanography	Understanding and Knowledge of Oceans and Atmosphere
	202	Regional Geography	Detail Knowledge about the regional aspects of each continent and developed and developing countries of the world.
	203	Practical geography on climatology and oceanography	Practical experience and knowledge of analysis and interpretation of basins of Pacific, Atlantic and Indian ocean, Climograph, Hyther graph etc.
III	301	Soil and Biogeography Geography	Understand the significance of Soil and knowledge of biotic world.
	302	Economic Geography	Understand the concept of resource and resource conservation, economic activities etc.
	303	Practical on Bio- geography, Economic Geography & Field work	Analysis and interpretation of soil profile, soil map, vegetation map, use of cartographic method and field study.
IV	401	Forms and processes in Geomorphology	Understand the types and activities geomorphic hazards, management and planning of them.
	402	Human Geography	Understand Concept of Human Geography, approaches, human adjustment in different environment, migration, race etc.
	403	Practical on Geomorphic process	Analysis and interpretation of toposheet, flood plain zones, drainage basin etc.
	501	Regional development planning and	Concept and understanding on Regional geography of USA and Japan, concepts and

V		geography of development of USA and Japan	types of regional planning.
	502	Regional Geography of India	Detail knowledge about Regional geography of India and SAARC nations.
	503	Cartographic and quantitative method	Nature and scope of cartography, its development, techniques of surveying.
	504	Population and settlement geography	Understanding the population geography and settlement geography.
	505	Practical on cartographic methods	Handling of survey instruments, mapping of surveyed data, map projection etc.
	506	Practical on cartographic and quantitative methods	Practical experience on quantitative methods and representation of population data.
,	601	Environmental Geography	Concept of environment and environmental issues, major environmental problems
	602	Social and political geography	Concept of social geography, political geography
	603	Regional geography of N.E. India with special focus on Assam	Understanding regional geography of NE India and Assam
	604	Principles and application of remote sensing, GIS and GPS	Basic concept on Remote sensing, components of Remote sensing, types of remote sensing, Introduction to GIS, concept GPS etc.
	605	Remote Sensing GIS,GPS	Knowledge on Remote sensing techniques, interpretation of satellite imagery, Computer application , GIS and GPS, Geo-referencing etc
	606	Project	Practical experience on preparation of

			Project Report
