***"A dream doesn't come true automatically. It demands firm determination, hard work and commitment."***

***- Dr. APJ Abdul Kalam***

Tezpur College, Assam, has the distinction of being one of the most prestigious colleges in the state of Assam. The long journey of five decades continued by the college is an eloquent testimony of its abiding commitment towards excellence in education.

The college is home to 3000 students, 47 percent of whom are women. It is noteworthy that the College has excellent infrastructure in the form of a well-equipped library, an integrated sports complex, a students' hostel and a museum. I also commend the college for providing free study facility for the orphans and undertaking extension activities such as adoption of orphanage, village, schools as a part of its community service.

I strongly believe that the most effective way to secure a bright future for the country is to provide accessible, affordable and good quality education to our youngsters. India stands at the threshold of an incredible demographic dividend- In order to reap this dividend, we must mould youngsters who are not only academically proficient but also morally upright and compassionate.

Our academic institutions must aspire to create global citizens who are capable of being transformational, will continue to excel in all domains, be it academic or co-curricular, facilitation the all round development of the students.
